Directors’ Interim Report

“The first half of 2013 saw Midlands Society named as Co-operative of the Year, the UK’s most prestigious co-operative accolade”

The Board of Directors is pleased to present the Interim Report to Members for the 28 weeks ended 10 August 2013.

Business Activities

The Society’s principal business activities are Food retailing, Petrol Filling Stations and Funeral Services. In addition, the Society has interests in motor dealerships, specialist vehicle construction, coffin manufacture and farming and manages a significant investment property portfolio that underpins the returns from trading activities. The Society has a minority interest in a joint venture company formed in October 2011 that brought together all parts of the Society’s Travel business with those of The Co-operative Group and Thomas Cook’s UK retail shop network.

Interim Statement of Group Trading Activities

The financial information set out on pages 7-10 is unaudited, but has been independently reviewed by the Society’s auditors, whose Independent Review Report appears on page 11.

Trading and Financial Review

The Board is pleased to report an encouraging performance in the first half of 2013 that saw Midlands Society named as Co-operative of the Year, the UK’s most prestigious co-operative accolade, at Co-operative UK’s 2013 national awards ceremony held in Cardiff in June.

This coveted award is presented to the society that has demonstrated overall excellence in all aspects of running a successful co-operative. The award recognised Midlands Society’s achievements as the UK’s most profitable independent retail co-operative society, its strong business performance and the contribution made to members, local communities and the environment.

To be named the UK Co-operative of the Year is an honour the Society is extremely proud to achieve, and represents an important landmark in pursuit of the Society’s vision ‘to be the UK’s best consumer co-operative society by making a real difference to our members and our communities’.

In a busy and eventful first half of the year, the Society welcomed members and colleagues of Shepley Industrial & Provident Society, in West Yorkshire, following a transfer of engagements to become part of Midlands Co-operative.

The rebranding and full refurbishment of Shepley food store commenced immediately after the transfer, providing the Shepley community with a much improved, new format village supermarket.

Whilst consumer confidence and market conditions have remained challenging in 2013, gross sales (excluding VAT) during the first half of the year increased by 8% to £386.7 million compared to the same period in the prior year, driven by the Society’s ambitious growth strategy. Significant investment during the first half included the opening of five new food stores, two new funeral homes and refurbishment activity across the business. The Society has now opened or acquired 35 new trading outlets since the launch of the ‘One Vision’ strategy in 2011. Further openings are planned for the second half of 2013 and beyond, reflecting the Society’s strong pipeline of development sites.

The Group Revenue Account shows total trading profit from continuing businesses, before exceptional items, of £13.6 million (2012 interim: £16.3 million). The reduction in trading profit largely reflects a decrease in corporate dividend received from The Co-operative Group, the impact of absorbing inflationary increases on the cost base and downward pressure on margins in the Food business. This margin trend reflects the Society’s ambition to remain relevant and competitive at a time when price is the key feature of food retailing.

“The award recognised our achievements as the UK’s most profitable independent retail co-operative society”

The Society’s capital expenditure programme continues to be supported by strong cash flow from operating activities, backed by the strength of the asset base. This was again the case in the first half of 2013 when capital expenditure totalled £24.0 million while still leaving positive cash balances of £38.7 million and a total net asset value of £251.0 million.

The strong underlying trading performance continues to demonstrate the Society’s resilience to withstand the most demanding and competitive conditions, and underlines the Board’s confidence in the business strategy that continues to provide the framework for future growth.

Retail food stores achieved a solid performance against the backdrop of the difficult economic environment and fierce competitive conditions. Sales of £308.1 million (excluding VAT) increased by 9.2% compared to the prior year, and reflected continued growth in convenience stores, fuel sales and new store openings. This performance is driven by the hard work of the Society’s colleagues, whose outstanding efforts were again recognised by the Retail team winning three awards at the 2013 Convenience Tracking Programme Awards held in May: Best Top-up Retailer; Best Beer, Wine and Spirits Retailer; and Best Overall Convenience Retailer.

Initiatives implemented during the first half of the year have included the introduction of a new fuel supplier and Co-operative branding across the Society’s petrol filling stations, the launch of membership points on members’ fuel purchases and the roll-out of new product ranges in bakery, fresh meat and fish categories. Further new product lines will be introduced during the second half of the year including food-to-go, chilled ready meals, pies and pizzas, as part of a major overhaul of the Co-operative own-brand food range. The roll-out of the improved own-brand range, under the new name of ‘Loved by Us’, continues to be complemented by the Society’s commitment to source local products across the trading area.

The Society’s development programme has seen the opening of four new food stores at Chasetown in Staffordshire, Hallwood Road in Kettering, Thringstone and Wigston in Leicestershire, together with the acquisition of a fuel station and convenience store business in Wirksworth, Derbyshire. Early trading performance at the new stores has been very positive, giving confidence for further new store openings planned for the second half of the year. Elsewhere, investment in the existing estate continues to generate encouraging sales growth, with a further 11 major store refurbishments completed in the first half of the year.

Following the difficult decision at the beginning of the year to close the Society’s Fashion & Home business, all of the stores were closed by the end of July, with the exception of the store at Raunds in Northamptonshire, which has been refurbished and re-ranged to complement the Society’s nearby food store in the town. The closedown process ran smoothly across all sites from a people, product and property perspective.

The Board wishes to place on record its sincere appreciation to all Society Fashion & Home colleagues for their hard work, commitment and professionalism during the closedown operation.

Since the closure of the Fashion & Home stores during the first half of the year, the Society has focused resources on the potential letting or disposal of these premises. It is pleasing to report that interest has been expressed in a significant number of these premises, with one successfully let and another nearing completion.

Investment in the Society’s Distribution Centres in Leicester has included the purchase of seven new vehicles, with three vehicles displaying special signage to promote the Society’s corporate charity, Newlife Foundation for Disabled Children. A major upgrade of the Society’s warehouse management system is underway, with the first phase of the implementation planned for early 2014. The new system will strengthen the service provided to food stores through the implementation of latest voice pick technology to further improve product availability and delivery accuracy.

Colleagues celebrate the opening of Hallwood Road Food Store, Kettering

Roll-out of The Co-operative Florist brand continues

Shepley food store following refurbishment

“Significant investment during the first half included opening five new food stores and two new funeral homes”

Funeral produced a very strong performance in the first half of 2013 with each part of the business; funeral homes, floral, masonry, coffin manufacture and crematorium all trading well. Funerals conducted showed an increase of 4.7% compared to the same period in the prior year, with market share remaining broadly consistent. New funeral homes were opened at Wigston in Leicestershire and Acocks Green in Birmingham. The Society also opened a new funeral service for the Islamic community in and around Birmingham.

A further eight Funeral homes have been refurbished and converted to ‘The Co-operative Funeralcare’, with the Co-operative brand also extended to a number of the Society’s Florist and Masonry sites.

Communities came together at the opening of the Islamic Funeral Services

Substantial investment was made in the Funeral fleet, with 18 new vehicles delivered into the business during the first half of the year. The new vehicles demonstrate the Society’s commitment to provide the highest levels of service to families in their time of need.

Within the coffin manufacturing business, work has commenced to introduce a lean manufacturing process to drive further improvements in efficiencies and product quality.

Improved sales in the Society’s Transport businesses largely reflect an increase in new car volumes at the Society’s motor dealerships. Nationally, market conditions have continued to recover in 2013 with an increase in new car registrations being largely driven by improved consumer demand.

At Leicester Carriage Builders, the Society’s specialist vehicle construction business, the major transformation programme launched last year to introduce improved design and production processes has achieved encouraging results in 2013, with a significant reduction in end-to-end production timescales. In June, the Board approved plans to relocate the business to an improved facility in Leicester. This significant investment will enable the business to achieve further efficiencies, increase capacity and strengthen its competitive position in the market.

A rededication service marks the opening of Wigston Funeral Home

New Co-operative 'Loved by Us' range

New Co-operative branding introduced at our filling stations

“Our clear strategy, capital investment programme and strong financial position continues to lay the foundations for the future success of Midlands Co-operative”

The Society's property portfolio continues to trade in a difficult market, with both lettings and lease renewals remaining challenging. A number of investments have been made during the first half of the year in institutional grade properties and tenants. In addition, a number of properties that do not meet the Society's long term investment property strategy have been targeted for disposal in line with an ongoing review of the portfolio. A continuing programme of investments and disposals designed to strengthen the asset base and income profile will continue through the remainder of this year.

The property team continue to support the Society's growth strategy through the purchase of new sites and business acquisitions, alongside a robust store refurbishment programme. The new store pipeline remains strong despite an increasingly aggressive approach by competitors and a more challenging planning environment.

The Society's mobile promotional vehicle continues to be used across a number of events promoting membership and community, including its attendance at Co-operative Congress in June 2013, a variety of food & drink festivals and a charity awareness week in July which helped to raise £5,000 for the Society's corporate charity, Newlife Foundation for Disabled Children.

Society Members who have registered their membership card at www.members.coop continue to receive regular email newsletters, keeping them up to date with news and events across the Society and exclusive member offers.

Building on the launch of our new Corporate Responsibility (CR) Strategy, in May the Society was delighted to be awarded a Bronze ranking in Business in the Community's (BiTC's) Corporate Responsibility Index (CR Index).

This annual measure of responsible business management is the UK's leading and most in depth voluntary benchmark of corporate responsibility.

With the CR delivery framework now in place and taking key learnings from the comprehensive feedback in BiTC's CR Index report, the Society is focusing on identifying the CR programmes that will deliver the CR Strategy by making a real difference to our members and our communities.

The Society's two year colleague elected partnership with Newlife Foundation has entered its second year and has now raised over £230,000 and helped 114 children to date in the Society's trading area.

Outlook

Looking ahead, some early signs of recovery in the UK economy are encouraging although have yet to translate into household budgets. The consumer environment is expected to remain subdued until such time that real earnings begin to grow. In the meantime, the Society's clear strategy, capital investment programme and strong financial position continues to lay the foundations for the future and further enhance the Society's profile as a modern, successful co-operative business.

Stakeholder Distributions

The distributions from trading profit recognise and reward the three key groups of members, colleagues and the community for their contribution to the Society.

The Membership Card records points for purchases from the Society and, based on trading in the first half of the year, the Board proposes an interim dividend of 1 pence per point for member purchases up to 10 August 2013.

This represents a decrease of 0.1 pence in the dividend rate and reflects the reduction in trading profit in the period. The proposed dividend will be paid in Co-operative vouchers shortly after approval at the Interim Members' Meeting. The Colleague Dividend approved by the Members at the Annual Meeting was distributed to qualifying Society colleagues in June 2013.

The 'Making a Difference' Community Dividend distributes 1% of trading profits to the communities served by the Society. In 2013, £254,000 is being distributed to community groups and good causes across the Midlands, taking the total amount granted since inception of the scheme to £1.9 million.

Appreciation

The Board, as always, wishes to record its sincere appreciation to all colleagues for their efforts in contributing to the Society's continued success and to all members and customers for their loyal support.

On behalf of the Board of Directors:

John Maltby, President
Martyn Cheatle, Chief Executive
Jim Watts, Secretary

Independent Review Report

Independent Review Report to the members of Midlands Co-operative Society Limited

Introduction

We have been engaged by the Group to review the non-statutory interim financial statements in the half-yearly financial report for the 28 weeks ended 10 August 2013 which comprises the Group Revenue Account, Group Balance Sheet, Group Cash Flow Statement related notes 1 to 3. We have read the other information contained in the half-yearly financial report and considered whether it contains any apparent misstatements or material inconsistencies with the information in the non-statutory interim financial statements.

This report is made solely to the Society in accordance with International Standard on Review Engagements (UK and Ireland) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Auditing Practices Board. Our work has been undertaken so that we might state to the Group those matters we are required to state to it in an independent review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Group, for our review work, for this report, or for the conclusions we have formed.

Directors’ responsibilities

The half-yearly financial report is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the non-statutory interim financial statements and other information contained in the interim financial report in accordance with the basis of preparation and accounting policies in Note 2 to the non-statutory interim financial statements and for determining whether this basis of preparation is appropriate in the circumstances.

Our responsibility

Our responsibility is to express to the Group a conclusion on the non-statutory interim financial statements in the half-yearly financial report based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Auditing Practices Board for use in the United Kingdom. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK and Ireland) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the non-statutory interim financial statements in the half-yearly financial report for the 28 weeks ended 10 August 2013 is not prepared, in all material respects, in accordance with the basis of preparation and accounting policies in Note 2 to the non-statutory interim financial statements.

Important Dates in 2014

Set out below are the dates of the Society’s Members’ Meetings 2014. Subject to members’ approval of rule amendments at the Special Meeting in October 2013 to facilitate the proposed merger of Midlands Co-operative Society and Anglia Regional Co-operative Society, direct elections to the Board of the newly merged Society will be held in April/May 2014.

Precise arrangements, including exact venues for meetings and voting in elections, will be given on the due dates by notices in stores and on the Society's website www.midlands.coop

Elections to the new Membership & Community Councils will be held in October 2014.

Annual Meeting of Members:

Eastern Region: Coalville and Leicester	Tuesday 23 April
Southern Region: Kettering, Market Harborough and Melton Mowbray	Wednesday 24 April
Northern Region: Chesterfield, Derby and Eastwood	Tuesday 30 April
Western Region: Birmingham, Burton and Stafford	Wednesday 1 May
