

# Ways to *remember* them

We know that you'll never forget them, and you'll want to make sure they're remembered by all the people who knew and loved them. We've found some great ways to help you do just that.

## Plant a tree in their memory **£14.99**

Our partner, Eforests, will plant a tree dedicated to that special person. We'll organise it all for you, and you'll receive a digital certificate with their name, a special message, and the date of dedication. You'll be able to see where the tree has been planted, so you can take a trip, if you like.

## Name a star **£34.99**

Our partner, Star Name Registry, will name a star after that special person. We'll organise it all for you, and you'll get an A4 star deed which will show the name of the star, a memorable date that's special to you and the location of the star. The Star Name app will help you find the star in the sky whenever you want to look for it.
