

# Bretby Crematorium

a natural choice

---

Bretby Crematorium is in the heart  
of a natural woodland setting,  
providing a peaceful haven for quiet  
contemplation and remembrance.

# A location like no other

Our two chapels sit in a serene, natural woodland that families can visit and walk through 365 days a year. Families take comfort in the tranquil location that Bretby offers, both as the service location of choice as well as providing a truly special place for loved ones to be remembered and celebrated.

Our webcast service allows families to say goodbye to those they have recently lost, which offers comfort to those who are located some distance away or who may be unable to attend in person.

Visitors to our Flower Room take pleasure in seeing the array of floral tributes that have featured in recent services for loved ones and Christmas wreaths are displayed in the Floral Court between mid-November and the end of January.

# Keepsakes and memorials

At Bretby Crematorium we offer a range of keepsakes and memorials; this includes The Book of Remembrance. Each memorial is beautifully inscribed by a calligrapher, and the Book remains on display in a purpose-built chapel throughout the year. A digital copy of the Book resides within the chapel, and there is also an online Book of Remembrance which can be accessed at any time.

Everyone is different and your loved one's legacy can be remembered in modern and less conventional ways. Our Memorial Tree in our Flower Room is a unique way to commemorate someone you love, by adding a personalised leaf. We can also fashion bespoke and personalised jewellery to always keep that special someone close to you.

## Bretby - an ethical choice

With co-operative values at our heart, we strive to be progressive, inclusive and sustainable. We work hard to keep our woodland as a perfect habitat for the local wildlife, have lowered our carbon emissions by 76% since 2010 and share our profits with the local community.

The Bretby woodland offers visitors a chance to feel connected to nature and appreciate the circle of life in natural, calm surroundings. It's why visits to our grounds offer a quiet, peaceful place to remember and reflect.
